

SHAHANUR ALAM

Mobile App Developer (Java & Flutter)

📍 Rajshahi, Bangladesh | 📞 +8801518939114

✉️ shahanuralam.dev@gmail.com | 🔗 [LinkedIn](#) | 🐙 [GitHub](#)

OBJECTIVE

Motivated Computer Science undergraduate with a passion for building practical, user-centric mobile applications. Proficient in Java and Flutter with hands-on experience in developing real-world Android and cross-platform apps. Eager to contribute to innovative teams as a Junior Developer or Intern.

TECHNICAL SKILLS

Languages:	Java, Dart, C++, PHP, JavaScript	Frameworks:	Flutter, React, Tailwind CSS
Tools:	Android Studio, VS Code, Git	Databases:	Firebase, MySQL, XAMPP

PROJECTS

Blood Donate — Donor Matching App Play Store

- Developed a location-based donor-matching application using Flutter and Firebase to connect donors and recipients instantly.
- Implemented features for blood group searching, real-time database updates, and direct contact tools.

Badalgachi Net — ISP Management App Play Store

- Designed and built an app for a local ISP to manage customer billing and support using Java and Firebase.
- Integrated account management, package browsing, and real-time customer support tools.

Zen CP Workspace Live Link

- Built a high-performance Competitive Programming environment using React and Tailwind CSS.
- Integrated real-time APIs from Codeforces and AtCoder to fetch and filter 14,000+ problems.

EDUCATION

B.Sc. in Computer Science & Engineering

Expected: 2026

Varendra University, Rajshahi

ACHIEVEMENTS

- **Winner:** University Innovation Hub Competition. Led a mobile app development team to victory.
- **Certifications:** Completed advanced training in Java and Flutter (available in online portfolio).
